Technical Skil

- Programming Languages: Python, Java, HTML, CSS, JavaScript
- Database Management: DBMS, SQL
- Data Structures and Algorithms
- Object-oriented Programming (OOP)
- Version Control: Git
- Web Services: RESTful, SOAP

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking
- Problem solving

Education Background

- Poornima Institute of Engineering and Technology, Jaipur, India

  B.Tech in Computer Science

  Completed in 2023

- Govt. Senior Secondary School, Bari

  Completed 12th grade in Mathematics

  Completed in 2019

- Govt. Senior Secondary School, Bari

  Completed 10th grade

  Completed in 2017

About Me

"I recently graduated in engineering and I'm excited to find opportunities in the engineering field. I'm good at quickly learning about new technologies and finding practical connections. I enjoy digging into challenges and coming up with effective solutions. I'm eager to bring my unique perspective and creative ideas to your engineering team."

Internship

Celebal Technologies | Cloud Engineer Intern
07/2023 - 08/2023

Key responsibilities:
- Proficiency in creating and managing virtual machines within Azure, including OSI model, TCP/IP, UDP, IP addressing, and subnetting.
- Skilled in designing and configuring Virtual Networks.
- Implemented and optimized Azure Load Balancer for efficient network traffic distribution.
- Utilized Azure Monitor and Azure Analytics tools for proactive cloud resource monitoring and performance analysis.
- In-depth knowledge of networking protocols like MAC, ARP, and RARP within cloud infrastructure.

Techobuild Private Limited | Software Developer Intern
07/2022 - 08/2022

Key responsibilities:
- During my internship, I enhanced the client experience through machine learning model implementation, server management, and software health monitoring, while also adding functionalities and utilizing project management tools like Jira.

Techobuild Private Limited | Web Developer Intern
07/2021 - 01/2022

- Created and managed web applications using React, Angular, and Node.js.
- Worked in a team to ensure the timely delivery of projects meeting client specifications.
- Improved existing web applications through feature additions and enhancements.
